FUSION CLAIM OF HOUSE MAJORITY SEEMS JUSTIFIED

Patterson Democrats Probably Have Majority In State Senate.

Hooper's Majority Is Slightly Over 12,000.

RETURNS COMING IN SLOWLY.

Nashville, Tenn., Nov. 16.—Official returns of ninety-six counties in the state give Hooper a total of 106,463 and Taylor a total of 90,413. This gives Hooper a majority of 16,050.

According to previously reported majorities, the other sixteen counties give a net majority for Taylor of 3,383, which would make the net Hooper majority in the state 12,667.

In eighty counties from which official returns have been received the total Enloe vote was 103,022 and the total for Thomas was 83,239.

While official returns have been received from only a portion of the counties, indications are that the News-Scimitar's list of the legislature will be verified almost verbatim.

The Pattersonian Democrats apparently control the senate, having 19 members. Returns from the legislative races bore out the early predictions that the fusionists would certainly control the house. The control of the senate will depend on the decisions of contests or rumors of contests in several cases.

It looks as if the fusionists will have not less than 54 votes in the house and at least 14 in the senate. The only one of the hotly contested senatorial districts which has so far reported in full is the Twenty-ninth, where Gordon and Parrish contested. On the face of the returns Parrish won by 97 votes.

Chicago, Nov. 16.—Firemen narrowly escaped death in a fire that destroyed a four-story building of the Thompson Piano company here today. They were trapped in one structure by a back draught. They were rescued, almost suffocated, through an opening in a back wall.

RUSSELL BOUND OVER FOR HOUSEBREAKING

Tom Russell, the young white man who was arrested Saturday night by Patrolmen Shelton and Ogilvie on a charge of housebreaking, was this morning bound over to the circuit court grand jury and his bail fixed at \$300. He went to the county jail in default of bond. Monday Russell was fined \$25 and sentenced to 10 days' imprisonment in the county jail for carrying concealed a pistol. He was granted an appeal from the judgment in police court. Russell is alleged to have entered the wholesale grocery of Mills-Guedry & company. He was represented by Attorney David Browning.

Memphis Methodist Conference Convenes at Broadway Church at 9 O'Clock--Gets Down to Business

Interesting Debate Over Prerogative of Secretary--Mr. Meaders Protests Against Practice.

With a splendid attendance the seventy-first annual session of the Memphis conference of the Episcopal church, south, was inaugurated this morning in the Broadway Methodist church with Bishop W. A. Candler, of Atlanta, Ga., presiding.

The church was well crowded with the delegates and visitors, including a number of women who graced the conference. The business session moved off this morning rapidly, and adjournment was taken shortly after 12 o'clock. This afternoon the numerous committees are in session, while Bishop Candler met the presiding elders this afternoon. This evening the anniversary of the Sunday school board will be held, with an address by Dr. H. M. Hamill, of Nashville. Tomorrow morning the business session will be resumed.

The conference was called to order this morning at 9 o'clock by Bishop Candler, who conducted the devotional exercises. After a hymn Bishop Candler led in prayer, and following a scripture reading from the sixteenth chapter of Matthew, emphasizing the fact that God erected his church upon a rock and a firm foundation.

Bishop Candler delivered an address to the conference this morning and won the hearts of all the delegates and visitors by his splendid address. It was sane and filled with appropriate thoughts, while his enjoyable manner of delivering the address kept all the delegates on the alert and not a word was wasted. He said that God's church was permanent and substantial, but that it was not time for the laborers to cease work, as it is still in the process of building. He advocated a revival of the personal experience as the best method of becoming acquainted with God. He said that personal experience was necessary to prevent ministers as well as church members from becoming too routine. To experience personal experience he said was more accurate than to receive a definition from the learned men.

During his address Bishop Candler advised the pastors if they desire to

be sent to any especial station to notify the presiding elders at once, and not delay until after the list of appointments is read. If possible he said that the request of every pastor would be gratified, but he announced in firm tones that he would not hold any adjourned sessions.

Bishop Candler has all the qualifications of a brilliant speaker. He has the necessary force, ability, gift of language, eloquence, thoughts and a keen wit that have won for him the admiration of all the delegates.

After a second song the roll call was called and 146 clerical delegates and 14 lay delegates announced present. After the roll call it was not necessary to substitute any alternates, as all of the regular delegates responded.

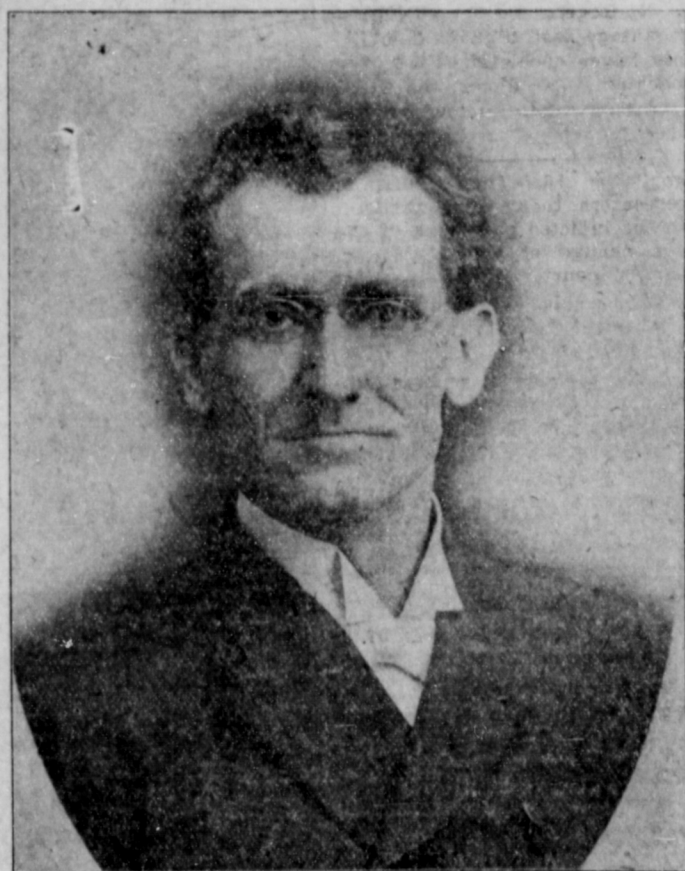

Interesting Debate.

With the election of a secretary the first spicy part of the business session was reached. The Rev. A. J. Meaders, of Trenton, Tenn., has officiated as secretary for 16 sessions and he was the unanimous choice of the delegates when his name was placed in nomination without opposition. Before his election, however, Mr. Meaders arose and read a grievance. Until the last conference the secretary had compiled and published the minutes, having charge of the financial arrangements. However, at the conference at Greenville, Tenn., last year the rule was changed so that the publishing of the minutes was placed in the hands of the joint finance board. Mr. Meaders said that he considered it a reflection and he declined to accept the secretaryship under the condition.

All the delegates were surprised and immediately statements were made, declaring that it was not the intention to reflect upon Mr. Meaders and explaining that it was solely for a business reason. W. S. Coulter, chairman of the board, said that it was not a reflection upon Mr. Meaders. Mr. Wilson made a motion that the grievance be referred to the joint finance board, provided that Mr. Meaders would accept the temporary secretaryship. B. S. Peebles made the motion that the former rule be restored and the secretary have charge of the financial arrangements. This received a second. Dr. W. T. Bolling opposed the motion, stating that it would be

Rev. W. J. Naylor Will Leave Circuit

While the problem of the church and city life is concerning the pulpit, Paducah circuit this year will lose a pastor, who is a close student of the church in its relation to country life, when the Rev. W. J. Naylor, according to the four year custom of the Methodist church, is sent to another field by this conference. Mr. Naylor is in close touch with affairs in the county and has been an influence in its upbuilding. He found the circuit mission of the Paducah district without parsonage and utterly dependent on the conference board. He leaves it with a good parsonage at Lone Oak, completely furnished, a \$2,000 church there, and a good church, which he built at Tyler, and transferred to the Reidland circuit. He has added 237 members to the circuit in the four years, and the circuit this year, besides meeting all conference dues, paid the pastor and presiding elder \$875. Mr. Naylor joined the conference on trial at Dyersburg, Tenn., in November, 1882, and was appointed a member of the joint board of finance in 1890, and with the exception of one year he has served on that board ever since, having been its secretary for fifteen years. He is also the agent for the superannuate endowment fund for this conference.

TRIGG STAYS OUT OF DEMOCRATIC SEN. CONVENTION

Holds No Convention to Send Delegates to Eddyville Tomorrow.

Livingston Sends Uninstructed Delegation.

GLENN SURE OF NOMINATION.

Smithland, Ky., Nov. 16. (Special.)—An uninstructed delegation is sent by Livingston county to the Third district Democratic convention at Eddyville tomorrow. The delegation probably will support Glenn.

None From Trigg.

Cadiz, Ky., Nov. 16. (Special.)—Trigg county Democrats held no county convention yesterday to select delegates to the Third district senatorial convention at Eddyville tomorrow. This county is supporting Henry Lawrence in his protest against Chrisman, of Calloway county, in calling a senatorial convention by himself. This county will enter the primary next spring called by the committee headed by John Keys, of Calloway.

Glenn Has It.

Eddyville, Ky., Nov. 16. (Special.)—The nomination of S. R. Glenn, of this county, for state senator by the Democrats of the Third district here tomorrow is assured, as he has instructions from Calloway and Lyon counties, which include a majority of the delegates.

MULE CROSSES RAILWAY BRIDGE

GALLOPS OVER MISSISSIPPI BY NARROW WALK ON THEES BRIDGE.

Cairo, Ill., Nov. 16.—Rendered desperate through fear by pursuit, a negro horse thief drove a mule across the Thebes railroad bridge from Missouri to Illinois at breakneck speed on a four foot plank walk between the rails, and would have made good had not a passenger train overtaken the mule and cut off its hind legs just as he reached the Illinois approach. The negro tumbled down the embankment and escaped. The bridge over the Mississippi is high and over two miles long. Now the mule, going at the speed he was, managed to keep to the narrow footing over the opening between the ties, caused those acquainted with the situation to marvel.

LOCOMOTIVE FIREMEN AND ENGINEERS TOAST.

Members of the Brotherhood of Locomotive Firemen and Engineers entertained at their hall, Twelfth street and Broadway, last night with a banquet in honor of J. R. Parol, of Port Dodge, Ia. chairman of the Illinois Central system. Mr. Parol was the chief speaker of the evening while other local speakers delivered talks. Five new members were initiated.

Annexation of Panama Denied By President Taft At Banquet--Lust For Gold Proves Fatal In Canada

Steamer Is Being Beaten to Pieces Off Coast of Alaska --Central American Leaves --News of a Continent.

Panama, Nov. 16.—It was learned today that the reason President Taft changed his mind and decided to visit Panama was that he wished to announce at a banquet given tonight by the president of Panama, that the United States has no idea of annexing Panama. The presidential party inspected Culebra cut this morning.

Valadarez Leaves.

Tegucigalpa, Honduras, Nov. 16.—General Valadarez, who has surrendered the port of Amapala to the government forces, left today for Nicaragua.

Fatal Lust for Gold.

Montreal, Canada, Nov. 16.—The "lust for gold" is claiming victims today in the gold camps of the Porcupine District of Northwestern Ontario. Men are slowly starving and freezing to death and the Dominion authorities are powerless to give aid. W. R. McLean, an American mining engineer, arrived here today with news that a score of prospectors have died on the trails south of Porcupine.

Vessel Going to Pieces.

Cordova, Alaska, Nov. 16.—The steamer Portland has gone ashore on the bar off Katala islands and it is feared that her 83 passengers and crew will perish before relief can reach them. The vessel is being beaten to pieces in a fierce gale.

ETHEL BARRYMORE SAYS DIVORCE STORY FALSE

New Orleans, Nov. 16.—Ethel Barrymore, member of the famous family of actors, who have never produced marital scandal, and her husband, Russell G. Colt, here today denied rumors that they would separate. Miss Barrymore denounced as groundless reports that she would seek a divorce.

Mrs. Puryear's Condition

Mrs. T. H. Puryear, of Tenth and Jefferson streets, who has been ill of pneumonia several days, is in a critical condition. Dr. Jessie B. Atkins, of Clarksville, Tenn., her sister, Mrs. Edwin Mims, of Chapel Hill, N. C., a daughter, and Mr. Wilson Puryear, of McKenzie, Tenn., her son, are at her bedside.

Ground His Finger.

Gerald Rogers, of Fountain avenue and Broadway, while assisting his father, I. N. Rogers, the grocer, in grinding sausage last night, caught the middle finger of his right hand in the machine. The finger was so severely crushed that amputation may be necessary.

Chicago, Nov. 16.—The government prosecutors today filed their answer to the indicted packers' petition for a change of venue from Judge Landis' court. The government denies all contentions of the defense that Landis is disqualified to preside at their trials. In federal district court this afternoon Judge Landis heard arguments on the motion to remove the cases to the federal circuit court. The defense alleges that Landis is disqualified because he heard another "beef trust" case, that of 1895.

Cowboys Return.

Rock Springs, Tex., Nov. 16.—Scouting cowboys returned here today, without sighting any Mexicans, reported to be marching on Rock Springs. It is believed that border authorities dispersed the mobs. Ranchers of the surrounding country form an armed camp here, ready to quell any disturbance.

RAILROAD YARDS TO BE EXPANDED BY N. C. & ST. L.

Spur Tracks Will Be Extended to Increase Capacity of Local Terminals.

Burlington Officials Pay Visit to the City.

WILL SOON BUILD THE BRIDGE.

Expansion of the N. C. & St. L. railroad yards at Paducah will begin in the early spring, according to Superintendent W. J. Hilla. The railroad purchased a strip of ground 180 feet in width along the north side of Norton street, running from Fifth to Twelfth streets. Several extensions of the spur tracks will be made, enabling the road to take care of the increasing business at Paducah.

The Burlington Plan.

The Burlington railroad is in competition for the freight business of Paducah, and for this purpose Mr. H. K. Mack, formerly traveling freight agent, of Rock Island, Ill., has been appointed commercial agent in Paducah. The Burlington will occupy offices with the city ticket office of Nashville, Chattanooga & St. Louis railroad, at 430 Broadway.

Mr. Mack is in Paducah and will remain in Paducah until Friday, when he will return to his home and will arrange to remove his family to Paducah. Mr. H. W. Crawford, division freight agent, left this morning for Metropolis and the north.

At present the Burlington is handling about five cars of freight into Paducah daily, but December 1 the contract with the Illinois Central calls for the movement of 50 cars daily, and it is for this reason that the city office is opened. The Burlington officials stated that they had been extended a warm welcome in Paducah and were pleased.

The movement of passenger trains into Paducah will not begin for at least six months and more probably not for a year. The new road of the Herring Southern is rough, and it will take many months to properly ballast it in condition to operate good speedy passenger trains, and this winter there will be little opportunity to do the proper work.

While in the city yesterday the officials in company with Messrs. Joseph Friedman and H. B. Sewall, manager of the traction company, enjoyed a sightseeing trip over Paducah in an automobile.

Mr. E. S. Burnham is the local freight agent of the Burlington, his appointment having been announced several weeks ago.

The officials arrived in Paducah yesterday afternoon unheralded, and spent several hours in Paducah inspecting the local terminals and conferring with local shippers and officials. The officials arrived in their private car from Metropolis on the transfer steamer and was the first trip of the officials to Paducah over the new line. Last night they left Paducah in their private car for Cairo, and today went north.

It was the first visit to Paducah of C. G. Burnham, vice-president and traffic manager, and leader of the party. He is a young man and made friends in the city. Mr. Burnham complimented Paducah, and pronounced it one of the best cities in the south. He took especial notice of the municipal improvements and the sanitary condition of the streets.

In the party were: C. G. Burnham, vice-president and traffic manager, and private secretary; W. A. Holley, assistant general freight agent in charge of the coal traffic; E. R. Puffer, general freight agent of the Illinois and Iowa districts; H. W. Crawford, division freight agent of the Rock Island, and H. K. Mack, district freight agent.

Says Pool Is In Deal.

Owensboro, Ky., Nov. 16. (Special.)—At a meeting of the Equity society at the Home warehouse this afternoon, Secretary Shaw charged that the Green river pool had sold the 1910 crop to the American Tobacco trust for \$9, \$8 and \$3 and had entered into an agreement to sell the 1911, 1912, 1913 and 1914 crops at the same price.

Answer This Question

When a remedy has lived for over thirty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their very lives to it, is it not reasonable to believe that it is an article of great merit?

We challenge the world to show any other one remedy for a special class of disease which has attained such an enormous demand and maintained it for so many years as has Lydia E. Pinkham's Vegetable Compound, the famous woman's remedy for woman's ills. Unless it is a very good medicine and the claims made for it are honest, such a record would have been impossible—fraud or misrepresentations would long ago have been detected and the business gone into oblivion. Read this unsolicited letter:—

Corry, Pa.—"I am happy to write you about the benefit I received from Lydia E. Pinkham's Vegetable Compound. Before my marriage two years ago, I suffered something awful every month with pains and other distressing symptoms, and I took Lydia E. Pinkham's Vegetable Compound in dry form. Since then I have never been troubled with pain, not even a dull backache or headache, and it has helped me a good deal before childbirth. I recommend your medicine wherever I go."—Mrs. E. E. Ross, 112 E. Church St., Corry, Pa.

When a woman like Mrs. Ross is generous enough to write such a letter as the above for publication, she should at least be given credit for a sincere desire to help other suffering women. For we assure you there is no other reason why she should court such publicity.

We say it in all sincerity and friendship—try this medicine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

A Good Habit to Cultivate.

There is a tremendous power in the habit of expectancy, the conviction that we shall realize our ambition; that our dreams shall come true, says Orison Swett Marden, in Success Magazine. There is no uplifting habit like that of carrying an expectant, hopeful attitude, of expecting that our heart yearnings will be matched with realities; that things are going to turn out well and not ill; that we are going to succeed; that no matter what may or may not happen we are going to be happy.

There is nothing else so helpful as the carrying of this optimistic, expectant attitude—the attitude which always looks for and expects the best, the highest, the happiest—and never allowing oneself to get into the pessimistic, discouraged mood. Believe with all your heart that you will do what you were made to do, never for an instant harbor a doubt of this. Drive it out of your mind if it seeks entrance. Entertain only the friend thoughts or ideals of the thing you are bound to achieve. Reject all thought images, all discouraging moods—everything which would even suggest failure or unhappiness.

News of Theatres

"The Climax" Tonight.

A drama, which hinges upon a single incident and has but four characters, with no villain and only the problem of human emotions for plot and situation, and yet, one which held supremacy on the metropolitan boards for a whole season, must contain the very essence of the drama and keep an audience spellbound for two hours while dramatist and actors play upon the delicately responsive chords of sympathy and passion. In such a play not a single false note must be struck. In the wide sweep of melodrama and the virile plays of the west, where action is everything, the laws of probability may be violated and atoned for in an act; but where the plot, situations and cast are concentrated, as they are in "The Climax," which plays at The Kentucky tonight, the intensity of interest must not abate an instant. "The Climax" shows the effect of the Ibsen school on contemporary drama. While "The Climax" is of the popular order and requires no intellectual strain to grasp the subtleties of symbols, its action, coloring and dialogue are confined to a single problem. It is brilliant, absorbing and convincing. The story is told of a young woman with a remarkable voice, whose ambition is to shine on the operatic stage. Two men love her, a young physician, who desires her not to go on the stage, and her young accompanist, whose career, as well as love, are linked with hers. The old music master presents a character study of rare conception. These four comprise the cast. The girl has a throat trouble and the physician magnifies its seriousness, until, after an operation, in her highly nervous condition she is unable to sing. Eventually her voice comes back and the physician admits his duplicity. Not the least important factor in the performance is the actual singing of the woman and the accompaniment on the piano by the young musician.

This is the second season on the road for the company, which is playing return dates in the cities. Only one change has been made in the cast, that of the young woman, and the Memphis News-Scimitar yesterday said of her:

"Miss Webber is a singer of rare merit, possessing a wonderfully pure soprano voice. By virtue of this voice and by her charming personality, she captivated her audience last night."

"Arthur Coglier, as Luigi Godanti, had a most trying role, but rose above its demands and made the character all the more lovable and satisfying."

Stock Company Tomorrow.
Himmlein's Imperial Stock company will resume its run for the remainder of the week at the Kentucky tomorrow. The matinee bill will be "St. Elmo." At night the offering will be "Queen of the White Slaves." Vaudeville between acts is a popular feature of the show. Friday night and Saturday matinee and night performances conclude the engagement.

Next Week a Big One.

Next week will be an important one here theatrically. Monday night Al Fields' minstrels; Tuesday night, "The Spendthrift," one of the great hits of the present season. In New York, and Thursday night, Harold McGrath's "The Man on the Box."

THE OLD DAYS WERE NOT BETTER THAN THESE SAYS VENERABLE PREACHER

THE REV. R. W. MAHON, OF BROWNVILLE, PREACHERS' OPENING SERMON OF THE MEMPHIS CONFERENCE.

It was an optimistic sermon, which the Rev. R. H. Mahon, of Brownville, Tenn., preached last night at the Broadway Methodist church, on the occasion of the semi-centennial of his ministry.

He took for his text Ecclesiastes vii, 10: "Say not thou, what is the cause that the former days were better than these? For thou dost not enquire wisely concerning this."

The speaker reviewed something of the history of the conference in the light of his own experience and he found that conditions have improved, that new methods are better than old, and all things are working for good. It was inspiring to see a man, who for 50 years could keep pace with the times, and, instead of bemoaning the changes going on about him, see in them the fruition of the efforts in which he was a co-laborer and pronounce them good.

He said that his first ministry was on Trenton circuit. He covered 15 appointments and preached for five days out of the seven. That circuit, on which he was junior preacher, included what is now Trenton circuit, Milan station, Milan circuit, Humboldt station, Humboldt circuit, Medina circuit and Atwood circuit.

Feeling "like the devil" of course it's your liver.

Ever tried Olive Tablets? Well, You'd Better.

When you have a restless, sleepless night and are nervous, grumpy and not fit for society, business or anything else—you need treatment.

Dr. Edwards prescribes Olive Tablets for you. Not calomel—no, indeed—not sickening calomel, but the little, sweet, pleasant-acting Olive Tablets.

They don't contain calomel, but olive oil, which is healing and soothing to the irritated organs.

Dr. Edwards discovered the formula for Olive Tablets only after 17 years of practice among patients afflicted with bowel and liver complaints. Nothing ever equalled these little sugar-coated tablets for preventing "dark brown tastes," bad breath, pimples, constipation, torpid livers, that dull, listless, "no good" feeling, etc.

Take one, as thousands do, every night for awhile on going to bed. See how it clears your complexion, brain and outlook on life in general.

At all druggists in neat pocket packages, 15 tablets for 10c; 45 tablets for 25c.

Dying Wit.

A British newspaper, the Clapham Observer, commenting on our statement that humor had no part in the two great moral acts of coming into the world and departing from it, tells a certain number of stories in limitation of this principle, the best of which concerns Tom Robertson and Artemus Ward. The playwright was endeavoring to persuade the dying humorist to take his medicine, and assuring him meantime that he would do anything for him. "Would you really, Tom?" said Ward. "I would," was the reply. "Then take the stuff yourself, dear fellow," said Ward—Collier's.

Population of New York.

New York, Nov. 16.—The chief topic for discussion in the metropolis has been the remarkable increase in New York's population as announced by the official census report; 4,766,883 souls, count 'em, are now confined within the city's five boroughs, which comprise an area of 320 square miles.

Leaving aside the figures of large cities, New York city now has a population greater than many of the countries of the world. For instance, Australia in 1908 had within its borders 4,275,396 persons, exclusive of aborigines, while Ireland last year had a population of 4,374,158. Bulgaria in 1908 showed a census return of 4,158,400, and Denmark and Greece respectively had 2,659,000 and 2,602,000 subjects to their kings. Norway in the same year was populated by 2,359,786 persons and Switzerland by 3,559,000.

New York's gain in population has been as steady as it has been large. In 1900, just after the bill creating Greater New York became effective, the population of the city was 3,437,202. Five years later it had grown to 4,000,403, or at about the rate of 100,000 a year. And at the same time every one of its suburbs, not including the greater city was growing proportionately.

New York is the first Irish city in the world. Belfast, the largest city in Ireland, has a population of only 40,000, while New York has nearly 600,000 Irishmen among its millions.

New York is the real metropolis of the Jewish race. Two years ago it had a Jewish population of 725,000, and today that has probably been increased by at least 100,000. Warsaw, in Poland, has not quite 300,000 Jews, and it is supposed that there are more Jews there than in any other one city in Europe.

And as for Germans, New York is the third German city of the world, with more than 750,000 German inhabitants. Berlin and Hamburg alone, in Germany, have greater populations of Germans than New York.

New York is the second Austrian city in the world, the sixth Norwegian, the seventh Italian and the eighth Russian. In comparison with

New York the great capitals of Europe are provincial in their meagre cosmopolitanism.

London has but 75,000 Germans, 40,000 Russians, 25,000 Frenchmen, 25,000 Poles, while Paris has but 100,000 foreign residents, of whom the largest number are Belgians; themselves almost French. There are about 50,000 Germans in Paris, about 30,000 English, 10,000 Americans, 30,000 Italians and 25,000 Swiss.

Six New Brands of Laws.
Six brand new laws are being tried out on New York. They all have an important bearing on present conditions in city and state. They went into effect on the first of the month and briefly, are as follows:

A new employer's liability law, affording increased protection to wage earners in all employments.

The Callan automobile bill, aiming to heavily punish speeding and "joy rides."

The woman's court bill, providing a separate court for cases involving domestic relations.

A law requiring all private banking institutions to be licensed by the state.

Supervision of all telegraph and telephone companies by the public service commission.

The anti-oral bookmaking law, making owners and directors of race tracks criminally liable for betting on tracks.

Probably the most important of these is the employer's liability law. The bill is known as the Wainwright-Phillips workmen's compensation act, and it is based on the principle that the burden for accidents not due to the wilful misconduct of the employee ought to be thrown upon the industry instead of, as now in most cases, on the injured man or his family.

Contributory negligence will be no longer an easy defence. Widows and other dependents may receive up to 1,200 days wages. The amendment changes the assumption of risk rule by which an employee continuing to work with knowledge of defective conditions, was held to have assumed the risk.

GROUP CONQUERED.

Every Mother Should Read and Remember This.

In any home where a child has a tendency to croup, a bottle of HYOMEI (pronounce it High-o-mei) should be kept constantly on hand.

A sudden attack of croup with difficult breathing and extreme distress is apt to come on at any time.

The course to be pursued is plain. Send for your doctor at once, and in the mean time drop 30 drops of HYOMEI into a bowl of boiling water, and hold the child's head over it, cover with a towel or cloth, so that only the air filled with Hyomei vapor is breathed.

This method of treatment has saved many a child's life, and mothers of croupy children should see to it that HYOMEI is always on hand. Full instructions for prompt relief of croup is in each package.

A 50c bottle of HYOMEI is all you need in treating croup. This is known in all drug stores as Extra Botle Hyomei Inhalant. Gilbert's drug store and druggists everywhere sell it. Breathe HYOMEI. It is guaranteed to cure catarrh, croup, sore throat, bronchitis, coughs and colds, or money back.

In August, made public this week by the National Highway Protective association, shows a large increase in comparison with any month since the records have been kept. Seventeen persons were killed and 57 were injured.

Edward S. Cornell, secretary, reports that nine persons had been run down by automobiles, the chauffeurs of which had run away after the accidents and only one had been found. Of the 17 persons killed, six were children. Mr. Cornell said:

"Fourteen owners of automobiles were driving their cars at the time of the accidents, and I am inclined to attribute the increase in accidents and fatalities to the fact that owners of cars are not subject to the laws, but are permitted to act as chauffeurs without experience, license or examination."

"Some of the accidents and deaths of children were due to the carelessness of parents in permitting their children to take fearful chances in the streets."

Same Thing.

President Fallieres of France tells of a native Englishman who knew very little English, but who was fond, none the less, of speaking publicly in the unfamiliar tongue. One Sunday he was exhorting a congregation composed chiefly of Americans and English, and started his hearers by launching forth into a prayer ending with:

"And now, good Lord, we pray Thee to protect and pickle us all the rest of our lives."

When the service was over, the ambitious linguist's attention was called to his expression, "pickle us."

"Well, what would you?" said he. "Is it not the same to preserve and to pickle?"—London M. A. P.

SENDS OUT CALL.

Committee of Kentucky Federation of Commercial Clubs to Meet.

Owensboro, Ky., Nov. 15.—Geo. H. Cox, of Owensboro, president of the Kentucky Federation of Commercial clubs, has called a meeting of the executive committee to be held at the Louisville hotel in Louisville at 10 o'clock Thursday morning, December 15. The time and place for the holding of the next meeting of the federation will be discussed at this meeting and plans for the work during the closing year will be discussed.

President Cox has announced the appointment of the following executive committee:

Eastern District—L. N. Davis, of Ashland; John G. Winn, of Mt. Sterling; Joseph F. Bosworth, of Middlesboro.

Western District—George H. Cox, of Owensboro; Charles T. W. Argue, of Henderson; S. A. Fowler, of Paducah.

Central District—Eugene E. Hoge, of Frankfort; Charles B. Norton, of Louisville; J. W. Porter, of Lexington.

The officers of the association are: George H. Cox, of Owensboro, president; Dr. Walter B. Gossett, of Louisville, vice president, Central district; Senator Joseph H. Bo-worth, of Middlesboro, vice president, Eastern district; J. O. Ewing, of Burkesville, vice president, Western district; Charles T. W. Argue, of Henderson, secretary-treasurer.

BIG OPPORTUNITIES.

Young Men, Here's An Occupation for You.

There are today few occupations a young man can take up without fear of a woman's taking the bread out of his mouth. These are: Prize fighting, ladies' tailoring, and—do not sneer, young man!—domestic service! Even prize fighting may be closed to men tomorrow if some strong-armed Vassar graduate should decide to capture the championship belt. Ladies' tailoring may entice them at any time. But, as time goes on, it becomes more and more evident that one field will never again have a woman occupant. Go into

general housework, solve the servant problem, and save the American home!

There is no reason why young American men should not make ideal servant girls and yet preserve independence. The bookkeeper works from 8 till 6. His meagre wages must pay board and lodging and clothe him. What a life! But the general housework girl in a small family—what does she have to do but cook a few meals, clean a few rooms, after a fashion and collect \$30 a month? Not a penny for expenses, a nice room, plenty of clothes given her, and every Thursday and Sunday out! Young men, it is easy. What preparations is needed? Nothing; anybody can learn to cook in a week. Capital? A trunk and a written reference readily obtainable from the manager of any employment office.

And think of the happy lives you can make by your charming little culinary surprises. Then, when the family go away for the summer, they take you with them—or you have the whole flat to yourself, and

everything free! Young men, it is a vision of happiness.

Who knows, too, but that your employer's daughter may fall in love with you, and marry you, thus, when she grows into business for herself, making you happy and comfortable for life?

At all events, young men, domestic service is worth considering. It is an open field, and man can make his mark in it. Why not be a pioneer?—Delineator.

Gently Rebuked.

Not long ago a London preacher indulged in a little bit of sarcasm over a small collection. And he did it very neatly in a preface to his sermon on the following Sunday. "Brethren," he said, "our collection last Sunday was a very small one. When I looked at the congregation I said to myself, Where are the poor? But as I looked at the collection when we counted it, I exclaimed, where are the rich?"—Argonaut.

It's as easy to get into court as it is difficult to get out.

WEDNESDAY, NOVEMBER 16.

Daily Thought.

Give us what Thou seest fit, only
fit us what Thou givest.—Row-
land Williams.

Both of Edward Carmack's slayers
are alive and free; yet, who will say
Carmack died in vain, or that his
death was not in some measure
avenged?

In one way Breathitt county puts
to shame the counties of western
Kentucky: Breathitt murderers must
flee to save their lives, and here
they need only stand trial.

The Democratic trinity: Roger
Sullivan, of Illinois; Tom Taggart,
of Indiana, and Urey Woodson, of
Kentucky, met at French Lick this
week, and apportioned the spoils of
1912.

PROGRESS IS SLOW.

It is easy to destroy: sufficient
force properly directed can break
down in one day, work that required
the gradual efforts of years to build
up, is equally true in statesman-
ship, as engineering.

All the permanent things are slow
in construction. A man's reputation
is the result of years of assiduity;
the breath of scandal can take it
away.

A policy of government is always
a development, not a fiat of a mo-
ment's consideration.

Constructive statesmanship re-
quires experience and study; destruc-
tive statesmanship requires only
force and passion. The former must
be "worked out," corrected, modified
and amplified. The average person
has little patience with it, excepting
in his own private affairs. When one
talks of reducing the tariff, he thinks
of congress meeting and tearing
down schedules, which can be done,
of course, just as a man could do in
his own business; but it would be
disastrous. When one speaks of
breaking up or controlling the trusts,
the average man thinks the admin-
istration should promulgate an edict
declaring all trusts "busted" or
something to that effect, little real-
izing that if such a process were pos-
sible, it would jeopardize his own
private property.

When one speaks of regulating
freight rates, the shipper rather ex-
pects the interstate commerce com-
mission to fix rates at what the ship-
per would have them; but the ship-
per would object to the same com-
mission fixing the prices of his pro-
ducts at what his customers would
prefer. Currency reform and postal
savings banks, likewise, might be es-
tablished by waving a wand, and it
is the favorite pastime of the oppo-
sition party to the government to
vote in congress against progressive
measures and then denounce the ad-
ministration for not adopting them.

Slow and sure is a good motto in
governmental reform, as in all else.
A bad start is not good for reform.
The public grows impatient for the
reform; but if the reformers, urged
on to unseemly haste by the clamor,
make a false step, they will find the
public just as impatient with the re-
form as they were impatient to have
it. Most people don't think, except-
ing about their own private affairs,
and in them they acquire the habit
of thinking only on the side, which
has the better on it.

Over against them are the fanatics,
who are always advocating imprac-
ticable or vicious measures from the
most altruistic motives in the world,
and forever arguing the purity of
their purposes instead of the utility
of their plans.

Mr. Gompers, head of the federa-
tion of labor, with whom we have
not always agreed, struck home a
truth, when he stopped the social-
ists from taking in the federation.
He declared that the labor unions
have a specific reason for their exist-
ence, and that reason is entirely in-
dustrial and concerned with the re-
lationships of the employees to their em-

ployers. It has succeeded, because it
has ever declined to be made a part
of broad "isms" and "ologies" that
flourish for a day and wither. Their
progress, too, has been slow, correct-
ing the mistakes of haste as they go.

VOICE OF THE PEOPLE

The Cost of Schooling in McCracken County.

Editor Sun: After reading the
articles in your paper on the District
Graded schools, I went to casting up
some figures which I could get in
possession of and find the following
results, which ought to open the eyes
of every taxpayer in this county.

In the first place, it only costs the
taxpayers of this county the sum of
52½ cents per day for each pupil in
the High school, at this time, for
they are paying \$10 per day for a
teacher to teach 19 High school
children, at the county High school,
in a remote part of the county, where
these have to travel from two to six
miles to reach the school, and yet we
are told that some of our school
officials are opposed to the district
graded schools, because they will
hurt the county High school by tak-
ing the money from the county
board, and spending it at home with-
in easy reach of every pupil in the
district. Now, if this board does not
know how to manage the people's
money any better than that, it would
be a blessing to the school interest
in this county if the graded schools
would kill and bury the County High
school, so deep that it could never
be heard from again even if it has
got a \$10,000 house built out of the
taxpayers' hard earned cash down in
one corner of the county, within five
miles of which not ten per cent of
the common school graduates live.

For the sake of higher education in
McCracken county, let the thing
"go dead," if the district graded
school will take its place.

In the second place, in the Arcadia
district with a district graded school,
there are 215 pupils living within
two miles of the school building and
of these there are 156 in attendance
upon the graded school, in which a
few years' high school course can
be incorporated at any time. The
teachers in this graded school of 156
pupils in attendance, are getting
only \$10 per day for their services.
So the pupils in this graded school
in which every advantage can be
given that can be given in the High
school, only costs the taxpayers the
small sum of six and one-half cents
per day, instead of 52 cents per
pupil.

I allow no man to have more in-
terest in higher education than I
have, not even the present county
school superintendent, but I am for
the district graded schools in every
district in this county so that every
child can go and get all the advan-
tages that a high school can give,
and not have to ride from four to
ten miles to get to school. What is
the matter with you parents and
taxpayers to whom God has given
such help to future success and pros-
perity in this county as are wrapped
up into your precious little ones for
whom you are responsible, not only
to God, but to the country.

If our county board would spend
money in equipping the common
school houses in the county with
proper equipments to make them
comfortable and attractive to our
children, instead of saving it to pay
ten dollars a day for a teacher to
teach less than two dozen pupils, in
a \$10,000 dollar building in one
corner of the county four miles from
the Ballard county line and five
miles from Metropolis Landing on
the Ohio river, they would show
more interest in education than they
are doing.

The Arcadia district has a graded
school, doing fine work; now, let
the Farley district, the Heath district,
and the Lone Oak district, vote a
graded school, and incorporate a two
or four years high school course, and
then 675 children can have all the
high school privileges, in reach of
their homes so they can walk and go
to school without going six and eight
miles, or boarding away from home
where they cannot have mother's in-
fluence, paying several times more
than tuition will ever be.

So much for the district graded
school, give them to us by the
dozens, and we will turn out young
men and women who will be an
honor to the county, and a pleasure
to their parents.

Conference Notes.

One of the most pleasant features
of the conference is the number of
former pastors and presiding elders
present. The former pastors of the
Broadway church are: W. T. Bolling,
of Paris, Tenn.; E. B. Ramsey, of
Memphis; H. B. Johnson, of Dyers-
burg, Tenn.; G. W. Wilson, of Hick-
man; R. H. Mahon, of Brownsville,
Tenn.; J. H. Evans, of Jackson,
Tenn.; J. G. Clarke, of Union City.

The former presiding elders of the
Paducah district present are: J. W.
Blackard, of Brownsville, Tenn.; J.
H. Roberts, of Covington, Tenn.; W.
C. Sellars, of Union City.

The Rev. A. B. Jones, D. D., a
veteran educator, president of the
"M. C. F. L." Jacksonville, Tenn., is
a member of the conference.

The illness of Mayor J. P. Smith
prevented his delivering the address
of welcome to the conference. The
conference regretted not hearing him.

A. J. Meaders, who was elected
secretary of the conference, has
served the conference for sixteen
consecutive years.

L. H. Estes, Jr., assistant sec-
retary, is the son of Judge L. H. Estes,
of Memphis and pastor of German-
town, Tenn.

The Bishop's prayer was a fervent
petition for God's blessings to at-
tend the work of the conference.

Judge McFarland, of Humboldt,
Tenn., is a noted jurist and a dele-
gate to the conference.

Hon. John R. Pepper, the most
noted Sunday school worker in the
south, is a member of the confer-
ence and president of the Sunday
school board.

There are forty-three preachers'
wives visiting the conference with
their husbands. They have received
a royal welcome.

The personnel of the conference is
above the average intellectual type.
Most all are young men, or men in
middle life.

Three former pastors of the
Broadway Methodist church were in
the altar last evening at the confer-
ence session; the Rev. R. H. Mahon,
D. D., the Rev. J. H. Evans, and the
Rev. G. W. Wilson. Dr. Mahon,
who preached the opening sermon
has served the church here several
times as pastor. Both he and Dr.
Evans were here first in charge of
the old Methodist church that stood
where Gilbert's drug store now is.
The parsonage at that time was a
quaint old house at Seventh and
Broadway, where Winstead's drug-
store stands.

The opening devotional exercises
will be conducted every morning by
Bishop Candier.

Mr. Lewman Departs.

Mr. H. L. Lewman, of Louisville,
who has charge of the construction
of the ten story building of the City
National bank, at Broadway and
Fourth street, returned home yester-
day. Mr. E. W. Wilson, who has
been in charge of the work here
and who was recently promoted,
will probably leave for Louisville
tonight or tomorrow. He has been
succeeded by Mr. F. Cox.

Temperance Progress Declared to Be
"Encouraging"—Those in Charge
of Suffrage Committee.

EFFECTIVE WORK IS DONE.

Baltimore, Nov. 16.—The National
Woman's Christian Temperance
Union entered upon the fourth day
of the convention. Organization re-
ports continued to occupy the atten-
tion of the delegates.

During the past year Miss Rose
Donaldson one of the organizers, or-
ganized 220 unions. She spent more
than a year in Iowa, Tennessee, Ken-
tucky and West Virginia. Rev. Var-
ney, national superintendent of fran-
chise, reported that most effective
work had been done by the women's
suffrage campaigns in Washington,
Oregon and South Dakota.

Mrs. Evelyn N. Graham, of New
York, national superintendent of the
railway department, stated that the
progress of prohibition the past year
has had its influence upon the rail-
way world, until practically every
railway system in the United States
demands that its employees be tem-
perate.

"Some call the railway systems the
largest temperance societies in the
world," she added, and cited the re-
cent action of the northwestern rail-
road men, when 25,000 signed the
pledge.

The report of the department on
scientific temperance instruction by
Mrs. E. S. Davis, of Wisconsin, de-
clared that "human life and energy
have been increased during the last
three decades through careful teach-
ing in many schools of the scientific
truth as it relates to the problem of
how to live.

That human life and energy might
be much more increased there can be
no doubt if in every school room in
the nation the truth were taught that
alcohol and tobacco dwarf the phys-
ical development and decrease muscu-
lar and mental energy."

Vocal duet (Selected)—Messdames Lewis and Gruenbaum.
Address—"The Spirit of the Order"—Grand President Ralph Bamberger.

Vocal solo—"Joy of the Morning"—Mrs. Mayme Dryfuss Gruenbaum.
Closing exercises—Harmony Lodge.

Reception.
Refreshments.
Dancing.

The officers of the lodge are: Moses Simon, president; S. I. Tie, vice president; M. Lovitch, monitor; M. Steinfield, secretary; H. Wallerstein, treasurer; Frank Levin, warden, and Sol Dreyfus, L. Rubel and M. Lovitch, trustees.

Classes Entertain.

The young men's Sunday school class of the Twelfth Street Baptist church entertained the Young Ladies' Bible class Monday evening at the residence of Mr. and Mrs. J. B. White. Dainty refreshments were served, and an enjoyable time was spent. Those present were: Misses Blanche Ellenwood, Mattie Falkner, Bertie Edco, Emma Chapman, May Grubbs, Pauline Wallace, Della Sparks, Lela Heater, Melissa Morgan, Annie Stella Duperieux, Ann Huxton, Annie Bethel, Eula White, Messrs. Charles Harford, Richard Walker, Frank Clark, Fred Yeager, Frank Duperieux, Roscoe Burkhardt, Clifford Brant, Tommie Holland, Harvey Chapman, Ruben Yates, Mr. Harvey Chapman, Ruben Yates, Mr. Manley Morgan, Mrs. Standfield, Mrs. J. R. Clark.

The entire lower floor of the club was in use and the patriotic motif was effectively carried out in the decorations. Palms, ferns and vases of chrysanthemums, roses and carnations were massed in the reception hall, library and auditorium. A pretty patriotic effect was given by the flags and red, white and blue colors artistically used throughout the rooms.

Receiving in the library were the officers of the Paducah chapter and the two notable guests, Mrs. Johnson, state regent, and Mrs. William C. Cooder, regent of the Covington chapter. The receiving line was:

Mrs. Lloyd Boswell, vice-regent; Mrs. Ben Johnson, of Bardonia; Mrs. W. C. Cooder, of Cincinnati; Mrs. E. J. Boone, Mrs. David G. Murrell, Miss Emily Morrow, Mrs. James Baldwin, Mrs. Paul Province, Mrs. J. L. Lack.

The chapter members welcomed the guests in the hall and in the auditorium.

The tea table was a pretty appointed affair. It was veiled in a cover of Cluny lace with the white Japanese chrysanthemums as an effective centerpiece. The patriotic idea was brought out in the candles and other decorations. Mrs. Armour Gardner presided here and was assisted by Mrs. Harry Tandy, Mrs. George B. Hart, Mrs. Guy D. Martin, Miss Mildred Terrell, Miss Elizabeth Caldwell, Miss Mabel Mitchell, Miss Willie Willis, Miss Mary Martin.

The ices, cakes and confections were an attractive emphasis of the patriotic colors.

Hillman's orchestra played throughout the afternoon.

Formal invitations were issued and the reception is one of the notable social events of the Autumn season.

Mrs. Johnson is a woman of brilliant mentality and her gracious charm of personality has made a delightful impression on all who have met her. It is her first visit to Paducah. She will return to Bardonia tomorrow after the patriotic ceremonies at the Washington building, which she came to attend.

Rogers-Cartwright.

The marriage of Miss Sara Rogers and Mr. Edney B. Cartwright, of Chattanooga, Tenn., will take place tomorrow morning at 10 o'clock at the First Presbyterian church. In the absence of Dr. Burwell from the city, the ceremony will be performed by the Rev. G. T. Sullivan. It will be a quiet church event. A musical program will precede the ceremony. The couple will leave immediately for a southern bridal tour and will make their home in Chattanooga.

Out-of-town guests already present or the wedding are: Mrs. G. W. Gardner, Mrs. D. F. Smith and son, Vernon, of Hopkinsville; Mr. James Cartwright, of Knoxville, Tenn.

Mardi Club With Miss Hendrick.

Miss Nell Hendrick was hostess to the Mardi club Tuesday afternoon at her home on Broadway. It was the first meeting of the season and was a most delightful one. Gorgeous yellow and white chrysanthemums were used with charming effect in the room. There were four tables of euchre. The first prize was a lacy handkerchief and the lone hand prize was a pair of silk hose. Miss Hazel McCandless captured the first and Miss Alma Kopf the lone hand. At the conclusion of the game a delicious salad course was served. The guests were Misses Helen Powell, of Detroit, Mich., Lucile Weil, Amy Dreyfuss, Faith Langstaff, Dorothy Langstaff, Sarah Sanders, Helen Van Meter, Nella Hatfield, Marjorie Coats, Fred Paxton, Hazel McCandless, Elizabeth Boswell, Corinne Winstead, Alma Kopf.

Musical Friday Night.

A musical will be given Friday at 8 o'clock at the Tenth Street Christian church.

Outing Party.

A party, comprising Mr. and Mrs. Harvey Martin, of Rossington, Ky.; Misses Mary Murphy and Maybelle Jenkins, Mr. Wiley Murphy, of Woodville, and Mrs. Jennie Murphy, of Bearden, Ark., with Mr. and Mrs. L. G. Rossington, of Woodville, as chaperons, spent three days in the vicinity of Shelby's lake, nutting, fishing and hunting. Miss Jenkins proved to be the best shot in the party.

The Villain Still Pursued Her.

Channing Pollock cites a certain melodrama, produced a few years ago on Fourteenth street, as containing the busiest and most inconsistent villain ever created.

In the first act, he tied the beautiful heroine to a railroad track just as the limited was due. In the second, he lured her into an old house, locked her in an upper room and set the place on fire. In the third, he strapped her under a buzz saw and set the machinery in motion. In the fourth, he tore the planking out of the Brooklyn Bridge, so that her automobile plunged through to the raging floor below.

In the fifth act he started to make love to her. She shrank from him. "Why do you fear me, Nellie?" he asked.—Success Magazine.

A Reliable Remedy

Ely's Cream Balm
Is quickly absorbed. Gives relief at once. It cleanses, soothes, heals and protects the diseased membrane resulting from Catarrh and drives away a Cold in the Head quickly. MODERN HAIR DRESSING

has played havoc with the tresses of the fair sex, and druggists everywhere comment on the fact that they are selling large quantities of sage for making the old-fashioned "sage tea," such as was used by our grandmothers for promoting the growth of their hair and restoring its natural color. The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact, and has placed on the market an ideal "sage tea," containing sulphur, a valuable remedy for dandruff and scalp rashes and irritations. This preparation, which is called Wyeth's Sage and Sulphur, is sold by all leading druggists for 50 cents and \$1 a bottle, or will be sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

for a year or more, telling you that you ought to know all about the company that carries your fire insurance, but have you done anything about it? Many have, but the majority of policy-holders have done nothing about the selection of a company. They are still "adding."

In the history of fire insurance in America, a large majority of the fire insurance companies organized have failed or retired from business. To be insured in companies like Weil's, that have been in business a hundred years and will be in business a hundred years from now, costs no more than to be insured in one that may go out of business next week.

COUNTRY'S CROPS WORTH BILLIONS

BANKERS' ESTIMATES, BASED ON EXPERTS' REPORTS.

Greatly Increased Cotton Yield is Expected to Increase Foreign Prestige.

CREDIT IS TO BE IMPROVED

New York, Nov. 16.—The recent meetings of the national monetary commission and the bankers' monetary commission were at an opportune moment, since the members were able to scrutinize the statistics sent from Washington on the day after election, which are practically the final reports that tell of the harvests of last summer and of the early fall.

And the meeting of men who have gained prominence in banking and financial circles has given abundant opportunity to base opinion as to the effect of these crops upon industrial, commercial and financial conditions in the year 1911.

Having authoritative reports from Washington telling of the aggregate of the harvests, the bankers who were in this city on Thursday, Friday and Saturday were able in comparing notes and opinions to form a fair estimate of what the relex movement, namely, that which is illustrated by the conversion of the crops into cash or credit, and the utilization of this cash or credit for business needs, would be.

For instance, one of the more prominent men identified with finance and banking, with an emphatic gesture said:

"We cannot fully realize at present what a corn crop of 3,122,000,000 bushels really means. It is easy enough to take pencil and paper and figure that if this crop can be marketed at 60 cents a bushel, it is to yield in the United States some millions over a billion, eight hundred millions. But we can say with confidence that no small portion of this money will become available as new capital and we shall need it all."

The figures themselves are beyond the power of the human mind fully to grasp, excepting by comparisons. But the really startling feature of these crops, one which staggers the imagination, is that found in the reports of other agricultural products. The dealers in foreign exchange say that the cotton crop probably will create in Europe credit in favor of the United States of not far from six hundred millions.

There is a superb crop of hay and few people realize how great the money value is of the humble hay crop. Probably we shall export no great amount of hay, for the domestic demand presumably will be fully up to the supply. One of the estimates heard is that the hay crop will be found to have a money value of about six hundred million dollars. Wheat, oats and other grains have done well and oats are harvesting a record crop.

The bankers are of the opinion that an estimate of nine billion dollars as a money reward for the harvests of the summer and fall is not excessive and is most likely to be an under than an over estimate.

William C. Brown, president of the New York Central, and James J. Hill, the creator of the Great Northern system, will be likely to find in these figures some proof that

SHE QUIT

But it Was a Hard Pull
It is hard to believe that coffee will put a person in such condition as it did an Ohio woman. She tells her own story.

"I did not believe coffee caused my trouble, and I frequently said I liked it so well I would not, and could not, quit drinking it, but I was a miserable sufferer from heart trouble and nervous prostration for four years.

"I was scarcely able to be around, had no energy and did not care for anything. Was emaciated and had a constant pain around my heart until I thought I could not endure it.

"Frequently I had nervous chills and the least excitement would drive sleep away, and any little noise would upset me terribly. I was gradually getting worse until finally one time it came over me and I asked myself what the use of being sick all the time and buying medicine so that I could indulge myself in coffee?"

"So I thought I would see if I could quit drinking coffee and get some Postum to help me quit. I made it strictly according to directions and I want to tell you, that change was the greatest step in my life. It was easy to quit coffee because I had the Postum which I now like better than the old coffee.

"One by one the old troubles left, until now I am in splendid health, nerves steady, heart all right, and the pain all gone. Never have any more nervous chills, don't take any medicine, can do all my housework and have done a great deal besides."

HANDS CRACKED AND PEELED

Tried Many Remedies but Grew Worse
—Impossible to Do Housework
—Cured by Cuticura Soap
and Ointment.

"About six years ago my hands began to crack and peel. I tried many remedies, but they grew worse all the time. At last they became so sore that it was impossible for me to do my housework. If I put my hands in water I was in agony; if I tried to cook, the heat caused intense pain. I consulted a doctor, but without the least satisfaction. After about a year of this suffering, I got my first relief when I tried Cuticura Soap and Cuticura Ointment. After using them for a week I found to my great delight that my hands were beginning to feel much better, the deep cracks began to heal up and stop running, and in a little while my hands were cured by using only one cake of Cuticura Soap and one box of Cuticura Ointment. I am very thankful to say that I have had no return of the skin disease since. I shall be glad if you will publish this so that others may know of Cuticura. Mrs. Minnie Drew, 23 Danforth St., Jamaica Plain, Mass., April 20, 1910."

For thirty years Cuticura Soap and Cuticura Ointment have effected speedy relief to tens of thousands of skin-tormented and disfigured sufferers from eczemas, rashes, itching, irritations and chaffings, from infancy to age, bringing comfort and peace to distracted households when all else failed.

Cuticura Remedies are sold throughout the civilized world. Porter Bros. & Chem. Co., Sole U. S. Agents, 32-34 Maiden Lane, New York City. "How to Care for and Treat the Skin and Scalp."

recent warnings made by them have had some effect.

Both of these men appealed last year earnestly to the American farmers, urging a higher cultivation and a more economic and systematic method of sowing, growing and harvesting. Mr. Hill going so far as to say that American agriculture each year should produce crops of the money value of at least fifteen billions, and President Brown pleading the same cause, but taking another line of argument, warning the American farmers that from statistics in his possession he was justified in saying that unless the American farmers produced more the time was near at hand when no ships would leave American ports for other nations carrying any freight but manufactured products. That is to say, the exports of American agricultural products would cease.

Apparently it is some answer to these two men that this year we have had two record crops and on the whole excellent crops, which, when marketed, will be found to have created new capital, available for railway, industrial or agricultural expansion.

KY. BAPTISTS

SPENDS NEARLY HALF MILLION FOR EDUCATION.

The Rev. E. Y. Mullins, Elected President of Educational Society.

Cynthiana, Ky., Nov. 16.—The Baptist Educational Society of Kentucky convened at the First Baptist church here this morning with E. Y. Mullins, of Louisville, presiding. Devotional exercises were conducted by M. D. Early, and enrollment followed.

The election of officers was held this morning and resulted as follows for the ensuing year: Dr. E. Y. Mullins, re-elected president; vice presidents, President Arthur Yeager, Georgetown College; A. Gattiff, Williamsburg, and G. W. Norton, of Louisville; A. Y. Ford, of Louisville, treasurer, and W. E. Mitchell, of Pembroke, secretary.

The report of the education society shows \$488,307.83 expended for Baptist education in Kentucky in four years. Seventy-five thousand dollars is being raised for the Baptist Seminary, at Louisville, which is about made up.

This will make a grand total of \$563,000 for Baptist education in Kentucky expended since the organization of the education society at Richmond in 1906, at the meeting of the general association.

Three hundred and fifty messengers are in attendance, and the indications are for a very successful meeting.

Big Hats in France.

Women's big hats are giving much concern to railroads in France. The companies wish to raise the tariff for shipping them, and they applied to the minister of public works for permission to do so. The public official is in a quandary, because he appreciates the mobility of fashion. If he makes a rule it must stand for a year, whereas, he says, the fashions in hats may change overnight. The trouble is that a few dozen hat boxes are of considerable weight, but they leave no room in a car for anything else. Their fragility makes them a further inconvenience, and now the railroads complain that they are losing money in shipping hat boxes.—Exchange.

Lots of men would rather be considered mean than ordinary. To hit the target of success aim high.

CONVENTION MAY NAME SENATOR

POST SAYS JAMES' FRIENDS FAVOR PLAN.

Paynter Crowd Probably Would Oppose Idea and Contest May Result.

OTHERS MAY ENTER THE RACE

Louisville, Nov. 15.—The Evening Post says: "On with dance. Out of one campaign into another. The smoke of the battle of last Tuesday, at the polls, had not died away before the wise ones were discussing the effect the various contests in Kentucky would have on the campaign for state offices, which is now on. The Democratic state convention will be held next June. In addition to the nomination of a candidate for governor and other state offices the fight for the senatorial toga now worn by Senator Thomas H. Paynter will manifest itself in the workings of the state convention, and combinations of all kinds and characters may be expected. The candidates for this office are Senator Paynter, who would succeed himself, and Congressman Ollie James, of the First District.

"Following the success which attended the plan to have the Indiana state convention nominate a Democratic candidate for United States senator, the friends of Congressman James are said to be behind a similar plan for the Kentucky Democrats. The argument will be made in favor of this proposition that it comes nearer in the end, expressing the wishes of the majority of the people of the state than could any other plan, unless it be the election of a United States senator direct. This, of course, is impossible at present.

Precedent shows, however, that the will of the people is not binding on Democratic legislators. Governor Beckham was nominated for senator in a state primary, but enough Democrats in the legislature repudiated the obligation imposed to elect a Republican senator.

"While the friends of Congressman Ollie James have been keeping it very quiet, it is known that such a plan is seriously under consideration. This proposition, naturally, will arouse an avalanche of opposition. Mr. James' friends, however, will insist that it is the Democratic plan, that it makes it possible for the people, in advance of an election for senator, to express their will at the polls, even though indirectly, and that it was tried with much success in Indiana. Senator Paynter and his supporters, presumably, will oppose the project vigorously. One argument against the proposition already being heard is that it would tend to confuse the gubernatorial and other state races with the senatorship.

Others May Enter Race.

"Many who express the opinion that former Governor J. C. W. Beckham will yet be brought into the fight for the senatorship especially if former Senator McCreary is elected governor, are pointing out that a nomination by the state convention in June would close the bars too early in the senatorial race, and that it would not be right to deprive those from entering who might, after the election of the legislature, want to shy their castor into the ring. Not only Governor Beckham, but John C. Mayo, of Paintsville, and others, continue to be mentioned as senatorial possibilities."

"Marriage," said the serious man, "is an education in itself." "Yes," commented old Grouch, "it teaches you what not to do after you've done it."—Boston Transcript.

THE CAUSE OF COLDS.

Good Advice Regarding the Prevention of Coughs and Colds.

If people would only fortify and strengthen the system, the majority of cases of coughs, colds and pneumonia, might be avoided. These troubles are frequently due to weakness, which produces a catarrhal condition of the mucous membrane, which is an internal skin of the body. When this skin is weakened it becomes easily infected with germs which cause many of the diseases to which flesh is heir. Healthy mucous membranes are essential safeguards of the body's general health.

We have a remedy which we honestly believe to be unsurpassed in excellence for the prevention of coughs, colds and all catarrhal conditions. It is the prescription of a famous physician, who has an enviable reputation of 30 years of cures gained through his use of this formula. We promise to make no charge for the medicine should it fail to do as we claim. We urge everybody who has need of such a medicine to try Rexall Muc-Tone.

It stands to reason that we could not afford to make such statements and give our own personal guarantee to this remedy if we were not prepared to prove the reasonableness of our claim in every particular, and we see no reason why any one should hesitate to accept our offer and try it. We have two sizes of Rexall Muc-Tone, prices 50 cents and \$1.00. Sometimes a 50 cent bottle is sufficient to give marked relief. As a general thing the most chronic case is relieved with an average of three large bottles. You can obtain Rexall Remedies in Rochester only at our store.—The Rexall Store, W. B. McPherson.

LAWS OF GRAVITATION.

One Would Not Fall as Fast South as North.

A man falling from a three-story building in New Orleans will not fall as fast as he would if he were in New York City. In fact, in hardly any two places will he fall with the same speed. This is because as we go toward the equator the force of gravity gets less and less, and consequently the acceleration of a falling body becomes less, and the force of impact is therefore less.

While it does not make very much difference in the injury to a person falling from a height, it does make a difference in other things. Take a rifle and fire it exactly horizontally, and, if the gun is sixteen feet above the ground, say at New York, the bullet fired from such a rifle will strike the ground in exactly one second after it leaves the rifle. If the bullet has a horizontal velocity of a thousand feet per second, it will strike the earth exactly one thousand feet away. Let us take the same rifle to a place where the force of gravity is not the same as at New York, but a good deal smaller, say two-thirds smaller. We find that, if the gun is placed sixteen feet above the ground as before, and absolutely horizontal, the bullet will not fall the sixteen feet in one second, but will take over one and a half seconds to fall, thus enabling the bullet to be in the air that length of time. Therefore, it will strike the ground about 1,500 feet away. Thus it is seen that the range of a rifle is increased as it is taken toward the equator.

Of course, there is no place on earth where the force of gravity is two-thirds smaller than at New York, but there are many places where the difference is considerable enough to affect slightly the range of rifles.—Harper's Weekly.

"Robber!" shouted the fans in the grandstand. The umpire merely glanced at them. But the boy who was trying to sell mouldy popcorn at 10 cents a bag turned and fled.—Chicago Tribune.

AN ABILI

ESTABLISHED BY ELI GREGORY AT HEARING.

Accused of Attacking Colored Man with Knucks in Court House Yard.

Eli Gregory, 19 years old, of near Maxon Mills, who was arrested yesterday afternoon by Patrolman England on a charge of malicious assault, was given his dismissal this morning by Police Judge Cross.

Henry Cole, a colored restaurant proprietor, who was assaulted by two white men in the court house yard Sunday night, saw Gregory yesterday afternoon and told Patrolman England he was one of the pair who used brass knucks on him Sunday night. Gregory was taken to police headquarters and was later recognized to appear this morning. He established an alibi, proving by several witnesses that he attended prayer meeting with his family Sunday night near his home.

Gregory is a brother of Miss Georgia Gregory, a pretty school teacher at High Point, who compromised her suit against J. D. McClellan yesterday in the circuit court for \$550. She sued for \$10,000 slander. Gregory came here yesterday to attend the trial of his sister and it was a plain case of mistaken identity.

A Lively Campaign.

In a small New Jersey town the local political campaign was being fought to the bitter end, and both factions claimed the election as their

own. One of the political leaders met a prominent merchant of the town, and they began to discuss the situation.

"How is the campaign coming along down in your ward?" asked the merchant.

"Very exciting," said the politician. "Next week we are going to have a joint debate in the town hall between a phonograph and a graphophone."—Lippincott's.

INDEPENDENT TELEPHONE FAILURES ARE SORT OF AN ENDLESS CHAIN AFFAIR

WE PRESENT BELOW FOR THE YEARS OF 1903 TO THE MIDDLE OF 1908, SOME OF THE FAILURES, RECEIVERSHIPS AND RE-ORGANIZATIONS OF INDEPENDENT TELEPHONE COMPANIES, SHOWING THEIR VERY UNSTABLE CONDITION AS A WHOLE.

January, 1903.

Plant at New Haven, Indiana, sold under foreclosure.

March, 1903.

Telephone exchange at Barnesville, Ga., sold under order of the court for \$1,397.50 and bought in by Southern Bell company.

West Pennsylvania Telephone company plant sold on March 25 by the receiver.

The Moultrie County (Ill.) Telephone company, after being in bad shape for several years, was divided into three parts and sold to different purchasers the original stockholders getting about \$10 each for their shares.

The lines of the Business Men's Telephone company of Nunda, N. Y., was sold at sheriff's sale for \$600 to the Bell Telephone company, of Buffalo, and then turned over to the Nunda Telephone company, a licensee.

The Petroleum Telephone company with exchanges at Oil City, Franklin, Titusville and Pleasantville, Pa., was placed in the hands of a receiver on account of a debt of about \$20,000.

Custer County Telephone company, Miles City, Mont., was sold at sheriff's sale for \$1,500; its original cost was \$10,000.

Eckhart Telephone company's system at Buck Creek, Ind., was ordered sold at assignee's sale.

April, 1903.

Little Wolf River Telephone company's plant at Janesville, Wis., was sold by the receiver.

May, 1903.

A receiver was appointed for the Harrison Telephone company, Deadwood, S. D., at the request of the Royal Trust company, of Chicago.

July, 1903.

Columbus Telephone company, of Whiteville, N. C., sold under foreclosure to an association of preferred creditors for \$3,900; line cost \$18,000.

Franchise and property of the telephone company at Deland Fla., sold at sheriff's sale for \$2,521.

Ernest Webber, secretary and treasurer of the Orange (Texas) Telephone company, applied for a receiver for the company in February, 1905. The lines were then bonded for over \$60,000 and the indebtedness which caused all the trouble amounting to \$2,000, was secured by bonus. Eighty per cent of all the bonds were held by the people of one little county in Ohio, and the company was originally organized by Ohio capitalists.

On March 7, 1905, the Augustus Telephone and Electric company, operating the Strowger automatic telephone system in Augusta, Ga., was sold under a decree of the superior court. The total proceeds of the sale were \$23,000, the price paid for the plant being \$15,000. It is said that the Strowger automatic telephone system, all told, cost over \$100,000.

Commenting on the sale of the company, the Augusta (Ga.) Chronicle for March 8, 1905, said: "While it must be a matter of regret that the local stockholders have sustained a heavy loss, still this has been the experience of all parties who have invested in independent telephone systems." The fact that this company finally went to the wall was in no way a surprise to those familiar with the history of small companies.

March, 1906.

New York Tribune: "In the suit

of Thomas Reinhardt, a broker of No. 15 Wall street, Vice-Chancellor Oscar Keen of Newark, receiver of the Interstate Telephone company (of New York.)"

Trenton (N. J.) Daily State Gazette: "George G. Waddington, a stockholder of the Peoples Rural Telephone company, filed a bill in the chancery yesterday, and Vice Chancellor Gray signed a rule to show cause why a receiver should not be appointed for the corporation on the ground of insolvency. Mr. Waddington alleges that the debts of the company are \$72,000 and that there is not \$285.20 in funds to meet maturing obligations."

The Atlanta (Ga.) Journal of March 8, reported on sale of public auction of the Augusta Independent Telephone company. The plant cost \$100,000 and at forced sale it brought \$15,000. The stockholders and unsecured creditors got nothing according to the dispatch quoted.

May, 1906.

On May 22, 1906, referring to the financial troubles of the Federal, Cuyahoga and associated independent companies, and Tokyo (Ohio) Blade said: "The stockholders of the Federal Telephone company will suffer a complete loss by reason of the liquidation of the company. By fall, and possibly by mid-summer, this unfortunate holding company will cease to exist."

In its closing many people will lose, for there will be nothing left for the stockholders."

Indianapolis (Ind.) News: "Greenfield, Ind., May 30.—Frank W. Cregor, ex-state senator of Carthage, has been appointed receiver of the Hannah-Jackson Telephone company, on the petition of Coleman Pope, one of the directors. The company made answer through its president, Franklin Steele, that it was insolvent. A peculiar fact connected with the receivership is that the stockholders are drawn from the wealthiest men in the county. Mr. Steele, president, is one of the largest tax payers in the county, holding 3,000 acres of finely improved farm land. All the stockholders assert that they have lost sufficient money in the telephone business, and they now prefer to give their undivided attention to farming."

June, 1906.

Stockholders of the Interstate Telephone company (Ind.) filed a suit against the company for foreclosure, demanding judgment for \$18,000.

Thirteen stockholders of the Monroeville (Ind.) Home Telephone company, petitioned for a receiver and an accounting from the company, alleging that no accounting had been made since January, 1904.

On June 23, Judge Wilson, at Wichita, Kan., issued an order to sell the property of the Kansas and Oklahoma Telephone company, including its lines, instruments and office fixtures, and all other property. This was done at the request of the receiver, William E. Weith, of Wichita, and was the outgrowth of a suit in which a receiver was demanded by Lawrence Pyle.

The New York Press in its issue of June 25, 1906, reported the following troubles of various independent telephone companies: "The plant of the United States Telephone and Telegraph company at Waterloo, Iowa, was sold at auction a few weeks ago at \$55,000. The investment in the plan exceeded \$175,000. The bondholders of the Orange (Tex.) Telephone company have started to reorganize; a receiver has been appointed for the Orr Telephone company, capitalized at \$3,000,000 with headquarters at Buffalo. The North Manchester Telephone company of North Manchester, Ind., has asked for a receiver, and a similar application has been made by the name in Iowa. The company was organized in 1901 with brilliant prospects, but never paid a dividend. The rural telephone system at Beaverville, Texas, has been sold at sheriff's sale, and the property of the Wisconsin company allied with the Independent Consolidated Telephone, has been sold at mortgage sale. Application has been made for the appointment of a receiver for the Independent Consolidated company."

July, 1906.

Judge Sulzberger, at Philadelphia, appointed J. Wilson Bayard auxiliary receiver of the Telephone, Telegraph and Cable company of America.

At Trenton, N. J., on August 15, 1906, the property of the Interstate Telephone company was sold under foreclosure. The proceedings were instituted after litigation caused by the company defaulting of \$141,083 of its bonds.

September, 1906.

The Interstate telephone system of Odon, Ind., was sold under order of the circuit court for \$1,000 to pay a judgment of \$17,052.

H. E. Huntington, of New York, and F. C. Smith, of San Antonio, Texas, brought suit against the South Texas Telephone Co., to recover interest on \$35,000 first mortgage bonds, which was due on May 1, and November 1, 1905.

Waco, (Tex.) Times-Herald: "In the forty-fourth district court application for receiver was filed by the North Electric company against the Texas Consolidated Long Distance Telephone company. The application alleging that the Texas Consolidated Long Distance Telephone company is indebted to the plaintiff for an annual balance of \$819 due on equipment."

"It is further alleged that the said telephone company is insolvent and that the said balance constituted a prior lien on the assets of the company which has been mortgaged."

November, 1906.

The Hamilton Trust company of Noblesville, Ind., has been appointed receiver of the Union and Carmel Telephone companies of Carmel on the application of three directors of

December, 1907.

St. Louis, (Mo.) Globe-Democrat: "St. Joseph, Mo., Dec. 8. Application for a receiver for the Citizens Telephone company was filed in Judge Mosman's division of the circuit court by Rice McDonald today. The suit is directed against the Telephone company and the United States Trust company, of Kansas City. The plaintiff states that a \$100,000 bond issue was authorized by the Citizens' company in 1894, and that a deed of trust was given to the United States Trust company to secure the bonds. He alleges that interest has not been paid on 14 bonds of the face value of \$50 each. The company has defaulted in the payment of interest, he states, for more than 90 days."

Cuyahoga Telephone company, of Cleveland, passed dividend on common stock.

TO THE GENERAL PUBLIC

It is with a great deal of pleasure that we take this opportunity of advising our patrons and friends that on or about November 16, the firm of Knowles Brothers will open its new automobile garage and mechanical repair shop in its recently constructed building between Fourth and Fifth streets on Jefferson street. The new building is equipped with all the latest devices for the handling of all automobile work with the greatest facility and we are sure that our friends will find that, by giving us their continued patronage, their confidence will be well placed and they will be given a service which in point of excellence of workmanship and material is not to be equalled in this section of the state. The new building is practically completed, the concrete floor, 135x85 feet, having been laid during the past week. A first-class steam heating plant will be installed, which will keep the building at a uniform temperature throughout the entire year, thereby preventing the spoiling by over-heating or under-heating of the many delicate connections known to the automobile mechanic. The building is fittingly equipped with two wide entrances, the doors measuring twelve feet in width and of sufficient size to permit the entry into the building of the largest touring machines now on the market.

This firm has enjoyed an unusual patronage since its inception a little over a year ago. On September 6, 1909, in a little building on South Third street, Michael Knowles and his four sons, Messrs Bert, Carl, Arthur and Victor Knowles, received their first automobile repair work. They were not novices in the mechanical repair lines, however, Mr. Michael Knowles having enjoyed a splendid reputation as a first-class machinist for the past fifty-six years, having learned his trade, which includes all manner of lathe-working, in the old country. Since that time the business has grown steadily until the Third street quarters have grown too small to accommodate even the major portion of the demand for first-class machine work.

Besides the usual machinery necessary to the operation of a first-class automobile repair shop, the new quarters are to be equipped with sufficient outfit to handle any outside machine work which may demand the attention of the firm. Automobile supplies of every nature will be kept on hand at all times, making it possible to secure repair parts quickly, reliably and cheaply whenever needed. The garage feature of the firm's business will be developed as broadly as possible, and it will be but a matter of time before Knowles Brothers will have as admirable a line of limousines, runabouts and touring cars, besides the usual taxicabs, as any automobile garage in the state of Kentucky.

We sincerely appreciate the aid that the public of Paducah has given us in the past in the enlarging of our scope of work, and trust that our efforts to supply the city with a first-class garage, with five experienced automobile mechanics as well as the members of the firm ever ready to accept orders, will be given what we consider merited recognition. Outside of Louisville, we feel that we can justly boast of having the largest and most up-to-date automobile repair and machine shop in the state. Thanking you for your past patronage and a continuation of same, we remain,

Respectfully,
Knowles Bros.

Orders Illinois Central to Improve Roadbed on First and Clay Streets.

CITIZENS WANT AIR LIGHTS.

A short session of the board of public works was held last night at the city hall with only the routine business before the board. President Richard Rudy was absent, being one of the few times that he has missed attending the meeting of the board. Mr. Finis Lack, who presided as president pro tem and Secretary Louis Kolb were present.

The Illinois Central railroad was notified to improve the condition of its roadbed on First street between Jefferson street and Broadway. Also on Clay street between Eighth and Ninth streets. The present condition of the tracks makes it unpleasant riding to cross the tracks.

The question of permitting the wooden signs to remain over the sidewalks was postponed until the next meeting of the board. E. E. Bell, street inspector, is investigating the number of signs up. The request of citizens in the vicinity of Twenty-first and Clark streets for a plank walk was referred to the street inspector.

The requests of citizens for air lights to be placed at a number of street intersections were deferred until the new engine is installed at the light plant.

W. H. Force, superintendent, and Mr. F. E. Lack were authorized to purchase the necessary belts needed for the light plant when the new engine is installed.

The board recommended that the general council increase the salary of A. Frank, sewer inspector, to \$75 a month.

The river here remained stationary yesterday, showing 2.6 feet this morning. Weather partly cloudy and colder.

The towboat Thomas H. Benton arrived out of the Tennessee river with a tow of ties this morning. The ties were delivered to Joppa by the towboat Condor, which was here all day yesterday.

Captain James F. Brown, Jr., will leave the latter part of this week or the first of next week for New Orleans and Baton Rouge, La., on business.

The Bob Dudley arrived last night from Evansville and has quit the trade on account of dull business. Her crew will return to their homes until there is more water and she will be placed back in the Cumberland river trade. She is tied up in the Tennessee river.

Captain James White, of Louisville, a well known Pittsburgh combine pilot, passed through Paducah today on his way to New Orleans to post himself on the channel.

his watch on the Clyde tonight when he leaves for Waterloo. He has been off for the past week on account of illness. His place was filled by Capt. Austin Owen.

The J. T. Reeder, having finished repairs to her flue, left for Cairo this morning with a good trip of freight and passengers with Capt. Albert Rittenhouse in command. She should return late tonight or tomorrow.

The Clyde returned from below last night and will leave at 6 o'clock this evening for Waterloo, Ala., returning next Monday.

Lee (Dusty) Rhodes, formerly chief clerk on the Dick Fowler, is now second clerk on the Clyde.

The John L. Lowry is due back from Evansville tomorrow morning and will make a return trip.

The gasoline boat Alvino and barge left today for Fort Henry, Tenn. She will return next Tuesday.

The towboat J. C. Burdette is lying here waiting for the arrival of Captain Harry Silvernagle from Louisville. She will return to Louisville.

Repairs to the government gauge are now under full headway and will be finished in a few days.

The Ohio arrived on time this morning from Golconda and left at 2 o'clock this afternoon for a return trip.

The George Cowling made her two regular trips between Paducah and Metropolis today.

The Robertson is enjoying a large ferry trade this week.

Lower river pilots say that there has never been less than five feet of water between Paducah and Cairo this season. This is considered remarkable. Sharp's bar, Grand Chain and Mound City, which are considered three of the worst spots below here, are easily navigable and pilots have had no trouble so far. The government dredge "Hoosier," with the towboat Armstrong is at work at Little Chain, where a good channel has been dug.

Engineer Ed Hart, of Paducah, is home again after a prosperous season as chief engineer on the steamer "Susie," which plied between St. Michaels, Alaska and Dawson, Canada. Captain Hart spends the summer in Alaska and will remain here until about May 15, 1911, when he will return. Navigation is now suspended on the Yukon river, which is

frozen over. Captain Hart was accompanied home by "Billie" Rahrer and Charles Milligan, of New Albany, Ind.

The D. A. Nesbit was let off the marine ways today.

The I. C. tug Anna S. Cooper will be hauled up on the marine ways today for repairs.

Engineer James M. Bolan, formerly of Hickman, Ky., but who has spent the last two years in Panama, is reported to have bought a 24-acre farm near Atwater, Cal.

Engineers of the American Institute of Mining, who recently visited Panama, highly praise the work on the canal.

Secretary Farrell's Report Shows Interest in the Baseball Game.

THE BAPTIST LEAGUE

Chicago, Nov. 16.—Secretary J. H. Farrell, of the National association of Professional Baseball leagues, read his report when that organization was called to order in annual session. Otherwise the association was not particularly engaged, leaving a mass of routine to the board of arbitration. The National association was scheduled to begin business at noon, but darkness had fallen before the meeting was called to order. Mr. Farrell reported and an adjournment was taken until tomorrow. In his statement the secretary said:

"Fifty league organizations, embracing 336 cities and towns in the United States and Canada, qualified for membership.

"Eight hundred and fifty-nine players were suspended.

"Two hundred and sixty-two players were reinstated.

"Number of players drafted by the National League, 77; number drafted by the American League, 68; number drafted by American association, 130.

"Total amount received at this office

for drafted players and money refunded on drafts disallowed: National league, \$46,700; American league, \$37,800; American association, \$58,700."

WAS CAVALRYMAN

IN THIRD KENTUCKY DURING CIVIL WAR.

The Rev. R. W. Morehead, of Princeton, Well Known Baptist Preacher.

Princeton, Ky., Nov. 16.—(Special)—The funeral and burial of the Rev. R. W. Morehead, 76 years old, one of the oldest Baptist preachers in western Kentucky took place yesterday afternoon with burial in Penbrook. The Rev. Mr. Morehead was pastor of the Baptist church and has been a resident of Princeton for 35 years. He was well known all over western Kentucky. Sunday he was in his normal health and attended church, but Monday night he was stricken and died quickly. For several years he has been ill of Bright's disease. During the Civil war he was chaplain in the Third Kentucky regiment of cavalry in Henry Leavell's company. He was

CIRCUS SOLLY STUNT IS PERFORMED BY HOUSEBOY

Turning a complete back corner from a second story window and alighting like a cat, Luke Edwards, 25 years old, the colored house boy for Mr. H. C. Rhodes, at 317 North Seventh street, lives to tell the tale with every bone intact. Edwards was watching a window on the north side of the residence yesterday afternoon and leaning back to far he lost his balance and pitched downward. In some unexplainable manner he managed to do a circus stunt in the course of the fall and alighted on the ground, 20 feet below, on hands and feet. His ankles and wrists were badly sprained and one wrist dislocated but no bones were broken. Dr. Vernon Blythe was called and bound his injuries. He will be disabled for several days. His physician declares he was fortunate in not breaking his neck.

JUDGE BARKLEY INVITED TO SPEAK AT MAYFIELD.

County Judge Alben W. Barkley has accepted an invitation extended by the Mayfield lodge of Elks to deliver the annual memorial address in Mayfield December 4. Judge Barkley is well known in Mayfield, and is popular among the Elks of that city.
